3 Bedroom, 1.00 Bathroom, 1,050 sqft

Residential on 0 Acres

Not Applicable-1, Yucca Valley,

Terrific home on a large corner lot, in a great neighborhood with new and modern features as well as vintage charm, close to shops and restaurants. Up the street from Jacob's Park and nearby Yucca Valley schools. The solar panels on the roof are OWNED, not leased - with a low monthly payment you will own them outright! Each room has its own mini-split heating & cooling system for the most comfort and efficiency. The garage was converted into a large primary bedroom as well as an insulated, wood-paneled flex space, which can be used as an office or for extra storage.

There is great separation between the primary bedroom and two guest bedrooms, and all share a single bathroom with vintage tub, toilet and sink! The kitchen is open to the dining area and also boasts a great vintage oven and gas cook top. French doors from the dining area open to the spacious covered patio - great for entertaining or enjoying an al fresco meal. Outside, you have beautiful, mature Joshua trees in both the front and rear yard. The rear yard is fully fenced for privacy and security and there is a new large shed that can be used for storage, hobbies or a workshop. You can live in the home as it is, or with a little sweat equity upgrade the kitchen and bath to add more value to the home. This home has tremendous value and potential! Make an appointment to see it today!
