This rare north-facing property with unparalleled over-the-top unobstructed panoramic mountain views is an absolute dream! Overlooking the Sunset Hills Golf Course from above, this opulent home showcases timeless design, exceptional craftsmanship, and energy efficiency. Step through the rich mahogany-etched glass double front doors, and you are greeted with French Oak Hardwood flooring and Dual-Pane Milgard windows, which bathe the interiors in natural light. Smooth ceilings, recessed lighting, and raised panel interior doors lend a refined sophistication throughout. The inviting downstairs layout includes a double-door entry to a main floor bedroom with an attached full bath. An open-concept design seamlessly unites the kitchen, family room (with a stunning custom electric/heating fireplace), dining room and pool table room for an expansive gathering space. The gourmet kitchen is a true centerpiece, showcasing porcelain countertops, decorative backsplash, white shaker cabinets, Wolf Stainless Steel appliances and recessed lighting highlighted by over the island pendant lights. The large waterfall island features a built-in sink, Insta-hot/cold water dispenser, and electrical outlets on both sides, giving ample space for easy meal prep and intimate gatherings. A striking glass-paneled staircase guides you to the upper level with incredible panoramic views from every bedroom, seeing snow-capped mountains in the winter and

amazing sunsets year-round. The primary suite creates a luxurious retreat featuring a full wall of built-in cabinets for additional closet space, highlighted by an extra-large built-in TV. The spa-inspired primary bath is complete with an oversized travertine shower, soaking tub, porcelain counters, modern fixtures, and a custom wardrobe system featuring pull-out drawers. The two secondary bedrooms are sizable, with one currently being used as an office. A well-appointed hallway bath with dual shower heads accommodates the secondary bedrooms. Two oversized glass sliding doors provide effortless access to the backyard resort-style oasis, highlighted by a four-sided zero-edge pool / raised spa finished with extremely rare glass like Jewelscape and clad in sleek black tiles for a dramatic modern look. Gorgeous pavers lead out to the Transparent glass panel back walls, ensuring both comfort and uninterrupted vistas. Designed for entertaining, the outdoor granite counter kitchen includes a professional-grade 36" Twin Eagles 36" Stainless Steel BBQ, refrigerator, sink, and a signature Big Green Egg XL Kamado Cooker. When entering the property from the street, you experience the expansive paver driveway, surrounded by roses of all colors, plush landscaping with large mature trees, and a custom three-car garage that is equipped with a Tesla Charger and ample storage cabinets. When remodeled, the home was designed with ease of control, with everything, including a Google Seven-Camera security system, an iAqualink Pool/Spa Controller, a SONOS Eight-Station sound system, a Nest 3-Zone Heating/AC, and a Rachio landscape watering system. All systems can be controlled through apps on your mobile phone for complete ease. The house is also equipped with 29 solar panels and five Tesla backup batteries, a soft water system throughout, a Tankless Hot water system for endless hot water and a hot water

circulation system, and a new 220-volt Electrical Panel, all designed for minimal utility costs and increased efficiency.
