Residential on 0 Acres

N/A, Thousand Oaks,

If you've been searching for your own private paradise - Congratulations! You've found it! This thoughtfully expanded and lovingly remodeled, single-story home really delivers! The primary suite is beyond anything you'll see at this price point. Measuring over 500 sq ft, it offers a gracious bedroom area with a toasty fireplace, built-in speakers and French doors leading to a charming, covered patio. Indulge yourself in the spa-like bath, complete with soaking tub, an oversized shower and dual vanity. There's also plenty of storage provided by nicely appointed closets, both walk-in and reach-in. One of the secondary bedrooms and baths is set apart from the others. This configuration could be ideal as an in-law's suite or for an adult child who's still living at home. The open concept living space is the heart of the home and boasts French doors that invite you to experience the resort-style, covered patio. With the ceiling done in wood and offering recessed lighting, ceiling fans and sky-lights, you'll enjoy this outdoor living area all year round. The spacious backyard features a sparkling pool, multiple planter areas to exercise your green thumb, and a useful shed. There's also a workshop measuring approx. 20' x 12' and boasting air conditioning and three 20 amp electrical circuits. All this AND RV access to boot! Can you believe it? Added bonus! - This home has a SOLAR SYSTEM. And another added bonus...The sewer line to the street has been replaced and the lines under the home have

been re-sleeved. That's a big ticket item you won't have to worry about.
