4 Bedroom, 2.00 Bathroom, 1,434 sqft
Residential on 0 Acres

N/A, Vista,

Welcome home to a bright and inviting single-story residence that offers space, comfort, and possibility. This home provides room to grow and is an especially rare opportunity, as four-bedroom homes within this neighborhood are not often available. A welcoming pathway leads to the entry, while a large bay window fills the living space with natural light. Inside, skylights brighten the dining and living areas, and a peaceful patio sunroom extends the home's living space. Whether you're purchasing your first home or looking for the right place to begin your next chapter, this is a home designed to inspire hope and new beginnings. The kitchen has been upgraded with a new 36-inch stainless steel Chef's range, new range hood, and new dishwasher. The master suite includes a private bath and A/C. Recent upgrades include a new roof (1 y/o) with 2 skylights and 2 Sola-Tubes, new electric panel (permitted by the City), new garage door motor (Alexa and myQ app compatible), Alexa smart thermostat, drought-tolerant landscaping and irrigation with new timer and valves. Spacious backyard (and flat), allowing for many fun possibilities. Prior tenant had jacuzzi in the backyard: electrical conduit and breaker switch still there. Integrated drainage system includes rain gutters that connect to a French drain.

Built in 1969
