N/A, Artesia,

Beautifully maintained and updated 4 bed / 2 bath home situated at the end of a cul-de-sac street in a peaceful location. Built by an architect and developer of many distinctive Orange County homes from the 1960's onward. Quality of construction and well designed spaces were their signature. Behind a block wall and gate, a post and beam entryway alcove leads to the front door. Inside, the spacious and open plan living/dining room shares views of an expansive rear yard through two large windows that flank a central wood burning fireplace. A renovated kitchen is adjacent- with a deep island countertop that separates it from an additional dining area with sliding door to a sunny side patio. This area wraps around the house leading to the private and nicely landscaped rear yard. The home's floor plan is a thoughtful distribution of space- placing all four bedrooms off a central hallway with a guest bath. The primary bedroom has its own en-suite bath. Some of the recent updates include fresh paint and flooring, central HVAC, and double pane windows throughout. A rare opportunity in one of the city's most desirable locations- just one block from the Los Cerritos Center, within a highly rated school district, and in close proximity to many excellent restaurants and amenities.

Built in 1967
