Residential on 0 Acres

N/A, Santa Monica,

Perched on a knoll surrounded by majestic palm trees, this stunning two-story Spanish Colonial Revival home, built in 1928, is located in the desirable area of Gillette's Regent Square. The residence features three bedrooms and two and a half bathrooms, as well as a spacious family room that overlooks the beautifully landscaped garden. Upon entering, you'll find yourself in a tiled vestibule that leads to an exquisite formal living room characterized by soaring wood-beamed ceilings, a wood-burning fireplace, and leaded glass windows. This unique home retains the charm and character of the 1920s, highlighted by arched doorways, wrought iron handrails and doorknobs, scalloped stair steps, and authentic period details. The expansive kitchen boasts quartz countertops, ample cabinetry, a cozy home office, and an inviting breakfast room. The large formal dining room features a barrel ceiling adorned with rope molding, providing a perfect space for gatherings. Upstairs, you'll discover a generous primary suite complete with an original tile bathroom, a delightful balcony, and a cedar-lined walk-in closet, along with two additional spacious bedrooms, each featuring walk-in closets. The lovely full bathroom showcases a unique cylindrical shower stall adorned with period tilework from the 1920s. The converted garage serves as valuable storage space adjacent to a bonus room with a quarter bath and a separate laundry room, offering potential for an ADU (Accessory

Dwelling Unit). The mature, landscaped backyard is home to olive, lemon, and tangerine trees, and features a wisteria-covered pergola over a tiled patio, a fountain, and a trumpet vine-covered play stage for children, making it ideal for entertaining. There is also a porte-cochere providing covered parking, complete with an EV charger. This is a perfect opportunity to embrace the California lifestyle North of Montana Avenue.
