Residential on 0 Acres

N/A, Los Angeles,

Tucked into a cul-de-sac in the quiet of Nichols Canyon Colony, this tranquil Mid-Century oasis seamlessly blends modern design with laid-back Hollywood Hills style. Past the entry, this beautifully reimagined single-story ranch offers 4 bedrooms, 3 baths, and an office, with views to greenery and the outside through every window. The home unfolds with ease: an open-concept kitchen anchors the home, flowing naturally into the family room, where vaulted ceilings, skylights, and a wall of glass draw the lush canyon setting inside. Mature landscaping frames the new pool and backyard designed by Johnston Vidal Projects, creating an idyllic outdoor sanctuary, with a built-in outdoor kitchen, gas firepit, and expansive grassy space. The formal living room, open to the dining room, is anchored by a floor-to-ceiling fireplace and verdant views to the front yard. An ensuite primary with two walk-in closets, a sumptuous soaking tub, and direct access to the pool, 3 bedrooms, 2 baths, an office, and a direct-access 2-car garage complete the home: a true refuge in the heart of Nichols Canyon.
