N/A, La Crescenta,

Just steps from Valley View Elementary, this La Crescenta home combines classic character with smart updates. The main house offers three bedrooms and two bathrooms across 1,262 square feet, along with a detached 658 square foot bonus room that adds extra flexibility. Inside, the layout blends open flow with well-defined spaces. A brick fireplace anchors the living room, which connects to the dining area and kitchen through a passthrough counter that's great for casual meals or homework time. The kitchen is fresh and efficient, with new quartz countertops, clean cabinetry, updated appliances, and plenty of space to cook and gather. All three bedrooms get great natural light and offer generous closets, with enough separation to create privacy. Out back, the detached bonus room gives you room to spread out. It could be a home office, gym, studio, media room, or even a potential ADU if desired (buyer to verify). Fresh paint, new flooring, and ample storage spaces throughout make this home feel current and move-in ready. Set on a quiet street near parks, hiking trails, and local shops, this is a solid opportunity in one of La Crescenta's most desirable neighborhoods.
