5 Bedroom, 7.00 Bathroom, 5,926 sqft
Residential Lease on 0 Acres

N/A, Los Angeles,

A fully realized expression of modern Los Angeles luxury, this residence was designed by Ames Peterson with an architect's eye for scale, light, and precision. Spanning 5,926 square feet across three levels, it offers five bedrooms and seven bathrooms in a layout that feels both expansive and intimately considered. The interiors are professionally staged to elevate the architecture without competing with it, allowing the soaring ceilings, wide expanses of glass, and flawless finishes to take center stage. On a premium corner lot with full southern exposure, the home is filled with sunlight from morning through dusk, creating a natural rhythm throughout the day. Fleetwood pocket doors slide open to erase the line between inside and out, making entertaining effortless and daily living feel like a retreat. The kitchen is both functional and indulgent, finished in Venetian Calacatta marble and Champagne Bronze, with Sub Zero, Wolf, Bosch, and Zephyr appliances arranged as if by instinct. A dual-sided fireplace connects the living room and outdoor patio, while upstairs the primary suite offers a sanctuary of quiet glamour with a spa bath, Quartz finishes, soaking tub, steam shower, and a walk-in closet that feels custom in the best way. Two additional ensuite bedrooms, one with a private balcony, provide calm and privacy. The lower level invites possibility with a lounge, theater, bar, wine tasting room, and a fifth bedroom adaptable to your needs. The pool shown in marketing images is virtual, a

rendered vision ready to be brought to life. In a city filled with houses, this one gets the details right.
