N/A, Los Angeles,

This recently remodeled designer California dream home is tucked away in one of Silver Lake's most sought-after pockets. Enter through a large walnut pivot door into rooms featuring walnut hardwood floors and exposed beam ceilings, with French doors in every room. Experience the tranquil oasis of your backyard, filled with lush eucalyptus trees, bamboo, and a drought tolerant podocarpus hedge that surrounds the home for complete privacy. Wake up to the sound of birds chirping and watch hummingbirds drink from the honeysuckle all in your own backyard. The living and dining area opens, via a bi-fold sliding door, onto a 338sq ft covered balcony, perfectly staged for enjoying California's year-round outdoor dining. The en-suite primary bath features a large standalone soaking tub, a high-end contemporary bidet, a dual vanity sink, and a spacious walk-in closet with custom ash wood built-ins and handpicked imported hardware. Spanish tiles ripple along the walls like sand, evoking the feel of the sea. You can also enjoy an outdoor shower or soak in your SoftTub spa surrounded by bamboo after relaxing in your designer infrared sauna. The open kitchen layout, centered around a massive one-piece Carrara marble island, faces a classic limestone working fireplace in the den designed to make the kitchen the heart of the home for entertaining guests. While the home includes central air and heat, it is so well insulated that it often feels like an adobe,

naturally cooled by the Pacific Ocean breeze. This retreat-style home has the charm of Laurel Canyon, yet it is set close in proximity to some of the city's most coveted destinations: the Silver Lake Reservoir & dog park, LA River bike trail, and some of the finest shops, restaurants, cafes, and music venues that bring New York vibes to Los Angeles. Blueprints for all recent remodels, along with plans and renderings for a downstairs addition with a pool, are available to interested buyers only.
