N/A, Los Angeles,

Just above the world-famous Sunset Strip rests this exquisite architectural, a reimagined modern jewel box design with floor-to-ceiling picture windows and walls of glass showcasing striking views of the hills and city lights from every room. Varied texture and organic materials converge to form an inviting and understated entry as reeded woods complement hand-placed travertine. Inside, wide-plank white oak floors flow throughout as a state-of-the-art Lutron smart system illuminates each space. The living room is centered by an elegant floating fireplace dressed in soft, creamy Venetian plaster adjacent to a balcony for relaxing under California skies. The gourmand's kitchen is sleek and minimalist, appointed with an abundance of seamless cabinetry, waterfall island, and all-new Miele appliances including espresso, wine chiller, induction cooktop with hood, and custom 36" refrigerator and matching freezer. Nearby, the formal dining area is perfect for hosting dinner parties set against gorgeous backdrops. The primary bedroom includes a spa-like en-suite bath with floating dual-sink vanity, smart toilet, and rainwater shower with large soaking tub. Other bedrooms and bathrooms are well-appointed and soothing to the senses, and one bedroom opens to its own private balcony. On the sprawling rooftop, experience vast 360-degree panoramas including city skyline views and peekaboo ocean vistas. Initially intending this as their forever home, the current owners

spent much diligent thought and care to form the perfect sanctuary for an ideal modern lifestyle.
