N/A, Los Angeles,

This special 3 bed, 2 bath home is situated on a lovely, tree-lined street in a designated historical overlay zone. As you approach 931 S Ogden you are greeted by a magnificent rock and cactus garden. Entering the private terracotta tiled courtyard, the magic of this Spanish hacienda is revealed with vintage, colored wall tiles and a soothing fountain. Under the portico, French doors lead into the grand-sized living room, featuring the original stenciled and beamed ceiling and a classic stucco fireplace. Step up to the tiled entry and cross over to the spacious beamed-ceiling dining room that also looks out on the courtyard. Continue to the charming adjacent breakfast room and the well appointed kitchen that opens to the side of the house where more cacti delight the eye. Down the long center hall on the right, there are two large bedrooms, each with walk-in closets and a shared vintage-tiled bath with separate shower and tub. At the far end of the hall is found the third bedroom with adjoining bathroom that opens up to the back where another enchanting cactus garden is revealed. The detached, windowed 2 car garage has potential for an ADU. The laundry, also windowed, is along side the garage. This lovely hideaway has been freshly painted and features newly refinished hardwood floors, central air and heat. This home is ready to move in or to reimagine in a myriad of ways.
