N/A, Pacific Palisades,

Secure a significant advantage in the rebuilding process with this exclusive offering in Pacific Palisades--a prime, 6,000-square-foot lot located moments from Palisades Village. This parcel not only provides a premier location, but a streamlined path toward development with architectural plans, a comprehensive design package, a prevailing setback report, a topographic survey, asbestos testing report, and the final debris removal permit, all included in the sale. The former residence--a modern coastal home by acclaimed LA architecture firm SCALA--was completed in 2023 and featured 5-bedrooms, 4-bathrooms, a gourmet kitchen with 11' island and butler's pantry, a grand primary suite with mountain views, and an upstairs laundry room with storage. Buyers may choose to rebuild this vision or reimagine their own, with the added advantage of the potential to engage the former builder who is already familiar with the site, permitting, and neighborhood post-fire development protocols as they have already pulled multiple permits and commenced construction nearby. Positioned just minutes from Palisades Village, Palisades Charter High School, and the beach, this offering presents both short-term value and long-term upside in a highly sought-after coastal community undergoing thoughtful renewal.
