2 Bedroom, 2.00 Bathroom, 782 sqft

Residential on 0 Acres

N/A, Los Angeles,

Perched in the hills where city noise gives way to birdsong, this 2-bedroom, 2-bathroom home is the kind of place that makes you rethink your entire aesthetic. Light floods every room, highlighting clean lines and a design that somehow nails both effortlessly cool and actually livable. The primary suite is pure sanctuary, with a spa-inspired bathroom that will genuinely upgrade your mornings. Step onto your private deck with coffee in hand and soak in the view. This is the California living you've been double-tapping on Instagram. Out back, a downstairs bonus room with its own bath and separate entrance is ready for your next chapter: work from home setup, personal gym, creative studio, or that guest suite you've been meaning to create. It's the kind of flexible space that actually works with how you live. Multiple outdoor areas mean options: sunset cocktails in one spot, impromptu dinner parties in another. The gated driveway and lush landscaping create that private oasis vibe without the Hollywood Hills price tag. The location? Chef's kiss. You're on a quiet street that feels like a retreat, but you're literally minutes from Glassell Park's new wave of restaurants, coffee shops, and galleries everyone's been talking about. This is the rare find that checks all your boxes, the practical ones and the aspirational ones.
