Residential on 0 Acres

CASTRO VALLEY, Castro Valley,

This charming sun-filled home that is only a five minute walk from downtown Castro Valley shopping, restaurants, and amazing schools is worth seeing for yourself. There are engineered wood floors throughout and the home consists of an open floor plan including the living room, kitchen, and dining room. The bedrooms are well-sized and both have adequate closet space, and one room has a sliding door to the backyard. The backyard and front yard offer plenty of room for entertaining, whether it is under the large pergola in the front with a decomposed granite surface, or in the shaded backyard with a very large avocado tree. You could even potentially build an ADU or make a grand addition with this oversized lot of 9,440 sqft. There is plenty of storage space as well - this home has one large shed, three additional smaller sheds, an awning for large tools, and a two car garage that has plenty of shelves/counter space for those that need room to tinker or store extra belongings. The driveway is massive, and can easily fit an RV, boat, or up to ten cars. This home features a new roof, updated electrical panel, and sewer lateral certification until 2055.
