3 Bedroom, 2.00 Bathroom, 1,215 sqft
Residential on 0 Acres

N/A, Bloomington,

Welcome to this beautifully updated 3-bedroom, 2-bath home that blends comfort, functionality, and thoughtful design. Step into the spacious living room and dining area, where soaring high ceilings with thermo-type texture help maintain optimal temperature year-round. The sellers have removed the dividing wall, creating a bright and airy open-concept layout that seamlessly connects the living room to the dining area and remodeled kitchen.

Enjoy cozy evenings by the fireplace or cook in the upgraded kitchen, remodeled around 2021, featuring custom cabinetry with hidden drawers and a convenient lazy Susan. While the mobile kitchen island (on wheels) is not included, it can be purchased separately.

Recessed lighting throughout the home enhances its clean, modern aesthetic.

The main living areas, including the kitchen, dining room, hallway, and living room, feature sleek newer tile flooring, while the bedrooms are finished with warm laminate. Beautiful wood shutters adorn portions of the home, adding a touch of elegance, while French doors with built-in blinds open to a welcoming patio space.

Additional features include a newer air conditioning unit and ductwork, attic space for extra storage, and a custom-designed dog run along the side of the house with stunning ironwork. Solar panels installed in approximately 2022 provide energy efficiency and long-term savings.

This home is move-in ready and full of thoughtful upgrades that make everyday living a joy. It only needs a tad of your TLC to give the last finishing touch.
