Residential on 0 Acres

N/A, Glendora,

The wrought-iron security gates and a beautifully landscaped front yard, this Glendora home makes a strong first impression—anchored by a mature shade tree, newer dual-pane windows, and crisp exterior paint. Inside, you’re greeted by rich hardwood floors and a bright, open feel that immediately suggests possibility. Natural sunlight fills the living room, where a cozy brick fireplace creates a warm focal point without overpowering the space. Fresh interior paint, recessed lighting, plantation shutters, and ceiling fans keep the look clean and comfortable, while ample closet space adds everyday living. The kitchen and baths are finished with granite countertops and spacious wood cabinetry, and the kitchen layout flows naturally to the heart of the home—complete with newer stainless-steel appliances and a breakfast bar/island that’s built for morning coffee, quick meals, or gathering while you cook and overlook the backyard. The home opens up even more: a bar area transitions down into a large family room, where a second fireplace adds depth, comfort, and that “stay awhile” feeling—ideal for movie nights, game days, or hosting friends. The French Doors swing open to an entertainer’s backyard—fully landscaped, thoughtfully laid out, and designed for real use. A covered patio and breezeway invite you outside year-round, while the pool and jacuzzi create a special touch at home—equal parts relaxing and fun, whether it’s a quiet

evening soak or a weekend get-together. If you value functional space, the garage is a must-see. It's been completely redone—from the flooring to large custom storage cabinets—and includes additional storage with stairs, fully lighted and vented. A dedicated 200-amp circuit makes it ideal for a serious hobbyist, workshop setup, or anyone who needs a legitimate working garage. The self-locking garage door adds another layer of security and peace of mind.

The roof is approximately 3 years old; copper plumbing; tankless water heater; newer air ducting; a 4-ton compressor; forced-air heater; and automatic sprinklers in both the front and back. This is a home where upgrades are already taken care of, and it is "turn-key" for your lifestyle. The location ties it all together: tucked into one of the San Gabriel Valley's most sought-after cities, with walkability to downtown Glendora and close proximity to shopping, dining, and entertainment—exactly where buyers want to be. More upgrades, features, and amenities to be seen at the open house.
