3 Bedroom, 3.00 Bathroom, 3,000 sqft

Residential on 1 Acres

N/A, Pasadena,

Fantastic Chapman Woods location of this 3br, 3bath home is only one of the features that makes this an exceptional property. An extraordinary peaceful neighborhood with beautiful treelined, wide streets that are shared with the local Peacocks make it a perfect place to call home. Located on a huge lot measuring just under one acre, it is perfect to expand or construct an ADU as all protected trees are at the property lines leaving access to almost the entire lot. The huge pool is 13 feet at the deep end, there is a full size tennis court but still features a large grassy area perfect for family gatherings of any size.

Though some updating might be desired the single story home features 2,500 square feet with an approximate additional 500 square feet of permitted enclosed patio area. The enclosed patio area that connect the house and double garage can function as a home office, man cave, she shed or a 4th bedroom as there is a closet. There are two cozy fireplaces; one in the living room and one in the dining room. Sitting on a corner lot which means only two neighbors for more privacy and there is a large front yard and circular driveway that can accommodate several vehicles. It's well worth the time to check this one out.
