Residential on 0 Acres

N/A, Big Bear Lake,

his spacious 3 bedroom, 2.5 bath home is in desirable Eagle Mountain Estates, near slopes, shopping, dining & events. Amenities include central heat system, a first floor primary suite complete with soaker tub, separate shower, two large closets, a double vanity, & direct access to indoor spa room. Two more bedrooms, as well as a loft-area with a third bed & bunk beds, provides loads of sleeping for guests or family members. Common areas like the well-appointed kitchen with oak cabinets, butcher block cooktop island, & stainless steel appliances, as well as a large living room with vaulted, open-truss ceiling, full-wall step-stone & oak-paneled fireplace with Lopi wood-burning stove insert, & cozy dining room. Home has dual pane wood frame Andersen windows throughout, and recently installed new composite siding. This property backs to a nature conservatory, with incredible views of such from the living room, dining room, spa room, & large rear deck. Landscaped yard has a meandering trail with a bridge over a seasonal stream, fruiting trees, & a horseshoe pit. Another benefit of backing to the conservatory is no neighbors behind, with no potential building in the future. This property has lots of storage in the partially finished build-up area beneath the house, as well as the oversized heated two-car garage with a shop room. Plus, space for boat storage, giving the home lots of parking as well. This would make a great investment, mountain getaway, or residence!
