Residential on 1 Acres

N/A, Oakhurst,

Picture this—a home designed to reflect one from the East Coast 1800s and was featured in Architectural Digest - no other one like it in California! Upon entering through the unique front door, which was from an 1800s sailing ship, you will notice the rich, solid Georgia Pine floors (all floors solid pine or oak) & will also be amazed at the beams from a 1700s Pennsylvania dwelling. An England-style fireplace designed for cooking is featured in this room & opens up to a grand Sunroom with arched ceiling, wall-to-wall windows, and French doors where you can take in the serene gardens surrounded w/ backdrop of forest scenery. A chef's dream kitchen awaits: a Wolf gas range with grill and stone hood, high-end appliances, and a deep wine cellar. The expansive main bedroom suite is secluded on opposite side of the home & opens to courtyard through French doors. This one-of-a-kind property offers breathtaking views everywhere you look, multiple seating areas, and an outdoor kitchen w/pizza oven, creating an idyllic setting for both relaxation & entertainment. More outdoor fun with watersports and fishing is nearby at beautiful Bass Lake.
