Residential on 1 Acres

N/A, Oakhurst,

This renovated Cozy Mountain Cabin with ADU is situated on 1.19 acres and is only 12 miles from Yosemite National Parks south gate entrance and only 4 miles from the beautiful Bass Lake. With these popular vacation spots in such close proximity, this cabin would make an amazing vacation home for the family to escape to and/or to use as a short-term rental. The cabin offers 958 sqft of living space plus an additional 400sqft counting the detached ADU. Main home includes a galley kitchen with custom concrete countertops, stainless steel appliances, laundry area and a nice sized living room featuring the original custom rock fireplace crafted by local masons. Upgrades include dual pane windows throughout, insulation, two mini-splits (one in living room and the other in the primary bedroom), a tankless Rinnai water heater, an upgraded Septic System 6 years ago and new wood grain vinyl plank flooring throughout home. The 2 car detached garage is approx 600 sqft with a garage door opener for easy access. On the southern exterior wall of the garage there an electrical sub-panel in place for RV hookups. ADDED BONUS - The small detached ADU with bath located to the rear of the main cabin has its own separate entrance. Could potentially make a great short-term rental on its own or a guest house!
