3 Bedroom, 2.00 Bathroom, 2,690 sqft
Residential on 2 Acres

N/A, La Canada Flintridge,

A rare One-Owner mid-century estate on a huge 2 acre plus parcel that provides peace and seclusion. Commissioned in 1974, the single-story design drinks in the tranquil surroundings throughout the expansive three-bedroom floorplan of approximately 2,700sf with a large flat yard on the same level as the house.

The large formal entry opens to the bright formal living room with a warm fireplace, large windows, and glass sliders out to a covered outdoor entertaining area. The family room is even larger with a game area, wet bar, and a fireplace. The north wing has three bedrooms and two baths, with the primary suite enjoying a huge primary bedroom, walk-in closet, its own bath, and beautiful views of the grounds. The south wing has the den, formal dining room, and the large kitchen with a separate laundry. The attached garage is oversized with an additional work shop that is not included in the square footage, but could possibly be a wonderful home office. There is also a cleverly hidden wine cellar below the den.

The grounds are ample with an assortment of trees, a play yard, and even a larger play space that the long-term Owners always thought would be wonderful for a pool. Behind the rear yard level is an elevated parking area for recreational vehicles and a storage shed.

Built in 1974
