N/A, La Canada Flintridge,

Perched atop La Canada's Sagebrush neighborhood are these Webster Wilie mid-century treasures. The long time Owners have loved their sanctuary up here, though only a short commute from their careers at JPL. The drive up Ocean View always felt like they were returning to their vacation home.

Their stewardship and care are evident throughout this pride of ownership Wilie design on this secluded cul-de-sac. The formal entry opens to a large living room with beautiful wood flooring and a large windows looking over the private rear grounds. The kitchen has been tastefully remodeled with all new cabinetry, granite counters, and stainless appliances that will please any family chef. This culinary delight opens to the dining and family rooms that enjoy a beautiful fireplace and large glass sliders that open to the covered outdoor entertaining area.

The entry also leads to the bedroom wing with three bedrooms and two tastefully remodeled baths. The primary suite enjoys a large closet with custom built-ins and its own primary bath with a clever glass slider that provides private access to the spa. The large rear yard is a wonderful surprise with a beautiful pool, spa, and pampered gardens. There is also an amazing backyard BBQ kitchen that is the pride of its space craft engineer. The same is true of the well designed front yard hardscape and landscaping. Just a few of the features

include a concrete tile roof, central air and heating, a detached two car garage, and, of course, the award-winning schools of this sought after neighborhood.
