Beautifully Updated Home with Extra Garage,
Outdoor Upgrades

This home has been thoughtfully upgraded inside and out. The exterior features new stucco and fresh paint, giving it crisp curb appeal. New dual-pane windows let in plenty of light while improving energy efficiency. While the records show 2 bedroom, there has been a 3rd bedroom added. Permits are available. There is a small addition added on off the kitchen providing extra space for whatever you desire, currently used as a dog room.

Inside, youâ€™ll find a bright, inviting space with freshly painted walls, new ceiling fans, and recessed lighting in both the living room and the primary bathroom. The living room also features a cozy wood-burning fireplace, perfect for relaxing evenings and the carpet is only about two years old, offering comfort underfoot.

The kitchen includes a new built-in microwave, freshly painted with new cabinet hardware and upgraded lighting, while both bathrooms have been remodeled with modern finishes. The HVAC system is about 1 yr old.

Outdoor living is a highlight with a covered patio, a built-in barbecue, and a 120 sq. ft. shed for extra storage. A 2-car attached garage provides convenient parking, and thereâ€™s also a separate 1-car garage (approx. 523 sq. ft.) with a dedicated work area, perfect for hobbies or extra storage. The

home also offers indoor laundry for added convenience.

To top it all off, solar panels are completely paid off, giving you energy savings with no extra payment.
