Residential on 0 Acres

N/A, Victorville,

Great family home on the water in Spring Valley Lake. Same owner from the day it was built, so this is the first time on the market. Home needs paint and carpet, but the rooms are large and open and there is a 52' front porch which contains a waterfall feature and it is fully functional with heat and air.. Newer heat and air conditioning unit are approximately 2 years old. Not sure waterfall feature is working but it can be made to work and is very pretty. Home has over 1,800 feet and contains a large kitchen with double ovens, triple sink and built-in microwave. Tile countertops are in great condition as well. Indoor laundry room with lots of built-in cabinets throughout the home and custom wood features including a built-in entertainment center. Primary bedroom has remodeled bath with large and modern shower and double sinks. Also includes a walk-in closet and opens to the patio and lake. With a little imagination this is a diamond in the rough. Attached three car garage with direct access to the home is convenient and allows for storage. Beautiful front and rear yards which shows lots of charm and convenience. Home has a large patio area and includes a private boat dock and a boat ramp as well. A must see at a great price!

Built in 1987
