PRICE REDUCTION! Investors! Are you creative? Do you have imagination? Can you recognize potential? Will you seize the opportunity? If you are any of these, this just may be the property for you. As you walk up to the home, you notice that the spacious, inviting front porch is the perfect place to sit outside. There are three bedrooms and one bath. The kitchen is spacious and has ample room for a breakfast table. There is also a dining room if more space is needed. This property is unique. It has two garages and one of the garages is located towards the back of the property with alley access. The garage in the front has a room that was used as the laundry room. Also part of the garage but located on the outside of it, is a shower and separate commode area. There is also an additional building behind the house where the interior of it is separated into separate rooms but has connecting doors to each room. There is access to each room from the outside. Yes, the house is probably at least 100 years old and it does need repairs, but with vision it can be brought back to making it a home.
