N/A, Redlands,

Let's just call it Mid Century Modern MAGNIFICENT! The minimalist aesthetic and clean forms make this a classic choice in sleek and functional architecture connected to the outdoors looking out over the 11th fairway of Redlands Country Club. Appealing features of this 2900 sq. ft. home include an open relaxing floor plan with high, beamed ceilings, a magnificent gas fireplace, granite kitchen counters and center island, top of the line stainless appliances, self-closing cabinets, a 6 burner cook top, double oven, warming drawer, and 2 sinks, all joined by a butlers pantry with abundant storage. The light and airy 4 bedrooms and 4 baths are complimented by the high-quality quartz counter tops, exciting tub and shower designs, warm color accents. and earthy stone and tile tones. The east wing bedroom is its own private suite with walk in shower. Enjoy the golf course views including the one from your private office and dining room, both connected to your entertainment balcony. The laundry area is big enough to use as a craft or hobby area with no lack of storage and shelving. You will appreciate all the amenities which just keep you amazed at the thought and creativity that went into this modern transformation. Of course, the back yard and pool are just the place to enjoy the outdoors and entertain family and friends. Some noted items of interest which often go unnoticed are the dual zoned HVAC system, 2 tankless water heaters, clean ozone pool water treatment,

extra parking, oversized 2 car garage, and more!
