Residential on 0 Acres

N/A, Redlands,

It all begins with the gorgeous landscaping then step up to the beautiful custom front door.

As you enter into the formal entryway the living room is straight ahead with a fireplace. To the left is the remodeled kitchen with lovely cabinets and granite counters plus a breakfast bar. The dining room is connected to the kitchen. Down the hall to the right are four bedrooms, which is plenty of room for the family and even an office or craft room. The primary suite has mirrored closet doors which makes the room feel much larger, and it has a ceiling fan for those warm summer nights. The extra large shower in the primary bath has been remodeled with great detail to the tile, plus granite counters. There is a door leading from this bath that leads to the spacious family room. There are plantation shutters throughout as well as ceiling fans. The wonderful covered patio boasts two ceiling fans and is a great place to relax and enjoy the peaceful, private, lushly landscaped back yard. The great thing is that it is located on a very quiet street just below Prospect Park. This is the perfect place to come home to!
