N/A, Carson,

Single story home with a touch of love. There has been a lot of love poured throughout this home, specifically the attention to detail. This home currently has two bedrooms. The tax roll will show three bedrooms. The main bedroom has been altered it currently has a room retreat vibe, however, one could consider replacing the wall. The bathroom has been been upgraded to a beautiful large walk-in shower with a very comfortable sitting space. The shower has smokey light and dark grey tile. The entire bathroom has been remodeled with updated toilets, flooring, plumbing and the sink area, let's not forget to mention the additional linen closet that is spacious and offers good storage. In both bedrooms there are large mirrored closets and good natural light. The flooring has been upgraded in each room and there are ceiling fans throughout. Not to mention the floors consist of laminate wood, hardwood and tile. The kitchen has updated appliances and updated cabinets with beautiful countertops the backsplash is glass tile that coordinates well. Each room offers a nice touch of molding around the ceilings to give the home a touch of class. Off to the backyard, which is nicely kept with green grass and a covered patio area a nice space for entertaining. You will also find in the backyard a newer enclosed water heater, nicely tucked away and a newer block wall surrounding each side of the back of the home. In the front of the home there is a nice short block wall with iron fencing for a sense of privacy. The one car

garage also includes a washer dryer hookup. The community is mature and you will find it to be centrally located to the freeways, LAX and many other local Shopping Centers, Restaurants, and schools. Too much to mention. You will want to check it out for yourself!
