N/A, Riverside,

Royal Hill Classic Mid Century split level home in a popular neighborhood that is nestled on a quiet tree lined cul-de-sac. As you enter the original double doors you will find a beautiful slate floor entryway. The formal living room opens up to the dining area and kitchen making a fabulous space for entertaining. There is a bright sun room off of the dining area featuring a vaulted wood beam ceiling and new carpet. The kitchen was remodeled and has quartz counter tops with a stainless steel cooktop and vent. All of the windows and sliding glass doors were recently upgraded to energy efficient dual pane. Downstairs is complete with fourth bedroom, half bath and access to the backyard. Upstairs boats a spacious primary suite along with two additional bedrooms and second full bath. You will love the terrace located off of the bedroom with a stairway leading to your resort like backyard. The large rear yard is complete with a pool, spa, and patio cover. The garage appears to be a 3 car (with rear roll up door to additional parking pad), but has ample space that is currently used as a bonus room and gym that could become a 4 to 5 car garage or ADU. Huge lot, RV parking, low taxes, no HOA...this one checks all the boxes.
