N/A, Moreno Valley,

This classic California Ranch home is appropriately situated on a half-acre corner lot in a quiet section of south-eastern Moreno Valley. From the property there are views of Mt San Gorgonio and Mt San Jacinto to the east and the prominent local peak of Mt Russell rising high above the fresh waters of Lake Perris. This home has been lovingly maintained by the current owner since 1980 and has recently been refreshed, not "flipped," in preparation for its new owner. It has a wonderful floorplan with a formal living room as well as family room off the kitchen, a very large primary suite and generously sized secondary bedrooms. The large rear patio faces south and helps keep the property cool during our hot southern California summers. The lot is flat, spacious and has the special benefit of having access from both Stevens Avenue and Merwin Street making possible the addition of another garage, workshop, storage or whatever you need! As tract neighborhoods continue to grow with their large footprints and small lots, it is becoming more and more rare to find homes with this kind of space at an affordable price.

Built in 1976
