N/A, Pebble Beach,

Welcome to the grandeur and elegance of Pebble Beach past. Originally built in 1924, and designed by renowned architect Clarence Tantau, this dramatic residence just celebrated its 100th birthday. With a recently completed extensive renovation the property is ready for the next 100 years as one of Pebble Beach's most significant residences. As you enter the property through the gates you travel down a wooded driveway, through a dramatic gated entry with Carmel stone walls forming the front courtyard and porte cochere leading to the 2-car garage. Approximately 8,400 feet of living space consists of seven bedrooms with six full and three half baths. There are two spacious primary suites each with fully remodeled en-suite bathrooms, private balconies and views of the ocean. The spacious living room with grand fireplace is flooded with natural light and exudes the formality of the past while opening to newly constructed patios that look out to the expansive grounds. The generous kitchen and butler pantry areas have been completely redesigned for the modern lifestyle. The property consists of five level, usable acres.
