Mid-Century Modern Luxury! This home has 4 bedrooms, two of which are suites, plus an office all on one level (just a small step into the larger primary suite). The natural light from abundant windows and skylights bring even more enjoyment to the open floor plan of the two living spaces, dining area and modern kitchen. Hardwood floors warm the space as well as the custom tiled gas fireplace with remote. The kitchen has filtered water, two dishwashers, multiple skylights, two sinks and two ovens. There are quartz counters with a large center island and breakfast bar seating. Don't miss the walk-in pantry next to the door to the garage so you can bring your groceries right inside. Both of the suites offer heated floors, zero curb showers, walk in closets and access to the backyard. There is indoor laundry with sink and Miele appliances. Central A/C and LED lighting. The finished garage has EV charging and there is a large custom shed equipped with power in the rear of the home. Solar panels installed (owned not leased) on the roof in 2020. The beautifully landscaped yards offer space for dining and relaxing and a perfect grassy area for play and pets. Wonderful Willow Glen neighborhood close to shopping, dining, freeways and schools.
