A recipient of a Heritage House Award for Design, 1142 Crest Avenue is a reimagined contemporary home, rebuilt in 2017. From unique wood finishes to specialty stone and bespoke cabinetry crafted by master carpenters in Germany, this residence offers an unparalleled design experience. Ipe wood, stone, standing seam metal roof, copper rain gutters, and a glass garage door set the tone. Inside, clean lines, custom architectural millwork complements engineered white oak floors. Sleek white Quartz countertops and Studio Becker cabinetry surround top-tier Miele appliances, including a built-in coffee system and steam oven. A book-ended walnut-clad wall houses a wine refrigerator and a hidden door leading to a guest suite. The 3rd bedroom, designed for flexibility, features a Murphy Bed behind custom cabinetry. Bathrooms showcase floating vanities of lacquered Maplewood and Applewood with Cambria countertops. The primary suite surprises with a two-person sauna and boutique-like walk-in closet that will make getting dressed the highlight of your day. The private study with Indian Applewood built-ins overlooks the backyard, while a large Ipe wood deck extends your living space year-round with a plumbed stainless steel fire pit at the center - a perfect way to end your day.
