You have to see it to believe it! This one-of-a-kind property has been lovingly remodeled and expanded throughout the years by its proud owners. Enter the property through a lovely garden, complete with multiple sitting areas, fragrant flowers and beautiful sculptures. The front door sets the scene with custom artwork, putting everyone on notice that they are about to enter a special place. The downstairs living area is open and expansive, with large glass doors that give you a beautiful view of the tropical backyard. Once upstairs, you'll see more custom art and a cozy library with high ceilings and books as far as the eye can see. The upstairs bedrooms boast an expansive outdoor balcony overlooking the pool. Don't forget about the two bathrooms - they are not to be missed - one of them even won a design award. The backyard is the piece de resistance with a pool, spa and garden modeled after Bali. The yard has a beautiful dining area and a bonus space where you can read a book, watch a movie or rest on the built-in murphy bed. The photos and description do not do it justice.
