N/A, Soquel,

True "country in the City" feel for this single level three bedroom two bath ranch home tucked away on a quiet cul-de sac-in the hills between Soquel and Aptos. One enters this property through a wisteria covered gate and private courtyard which is surrounded by lush landscaping, including a small orchard of citrus, apple, plum, and pineapple guava! Venerable roses and a camelia enhance the charm of the entry courtyard. The wood burning stove in the living room creates a cozy feel. Hardwood floors throughout, except in the bathrooms, sunroom, and kitchen which enjoy custom tile that enhance the feeling of a casual and nature themed lifestyle. Two decks and a patio provide for indoor-outdoor living. The kitchen enjoys plenty of storage space, stainless steel appliances and a view out into the leafy courtyard. As a bonus, not included in the square footage, there are two flex spaces. One in the area below the home where there is plumbing and a room which could be used according to your imagination. Another next to the garage with a closet and newly installed wood laminate creates endless possibilities. A seasonal creek, small orchard, and herb garden create a miniature oasis for the person who wants to enjoy a farm to table lifestyle coupled with city convenience.
