Residential on 0 Acres

N/A, Redwood City,

This distinguished residence invites you into a world where classical comfort meets elevated design. Beneath soaring beamed ceilings, both the living and family rooms unfold as spaces of gathering and reflection, their hardwood floors carrying the warmth of countless golden hours. The heart of the home, a refined and updated kitchen, offers not only high-end appliances and artisan finishes but also the intimate charm of a breakfast nook that opens seamlessly to the family room. For evenings of candlelit conversation and celebration, a separate formal dining room awaits, elegant in its formality. The floor plan is both flexible and generous. Two bedrooms rest quietly on the main level, while three additional rooms above create a versatile canvas for life's evolving chapters. Beyond, nature's grandeur frames the estate: nearly fifteen thousand square feet of park-like grounds shaded by redwoods, punctuated by an outdoor fireplace and expansive terraces for al fresco dining beneath the stars. Home itself whispers of more, with five chambers of living each awaiting the interpretation of its next steward. County records show 3 BD and 2.5 BA. Owners state the home is 5 BD and 2.5 BA. Buyer is to verify sqft, lot size, BD and BA count and satisfy themselves.
