ARTISAN NEW CONSTRUCTION ~ Privacy ~ Bay View. "Not everything that matters can be measured."....A wide, private drive leads to a hidden retreat, a big view, and a soft quiet.

Airy and modern, with high and vaulted ceilings, rich hardwood floors, and extensive use of natural materials, the design aesthetic transcends trends. The bay view teases from the formal entry, beguiles from the massive great room and multi-cook kitchen, and entrances from the patio and upstairs primary suite. Each of the five bedroom suites has unique features; the stunning treehouse primary, with its sanctuary bathroom, finished walk-in closet, and view deck, is awash in a kaleidoscope of sunrises and evening lights. A stone-floored mudroom with a laundry area and walls of storage captures and calms the daily chaos, and a second laundry room upstairs doubles efficiency. Patios add an additional 1000+sf of outside living space, and the level backyard is a grassy play zone.

Tangibles and intangibles are interworked in this new legacy property by seasoned local builders who are on site every day and involved in every inch and detail of the project. Ingenuity, skill and experience are as much a part of this striking, custom-built home as are timber, steel and concrete.
