N/A, Seaside,

A white picket fence fronts a yard where a citrus tree grows freely. You can watch the lemons ripen from one of four spacious bedrooms in this single-level Seaside home. Located in the mid-Broadway area, close to shopping centers, walking trails, local restaurants, and the beach, this home is your invitation to a healthful, wholesome life on the Central Coast of California. Gazing out the living room or bedroom window, catch a glimpse of ocean blue and impressions of sailboat masts piercing the sky from the distant wharf, white against a forest-green hillside. This is the Monterey Peninsula, and when you live here, it's your backyard. The flow of the floorplan feels natural, with an open living and dining area that connects to a kitchen with granite countertops, a five-burner gas range, and ample wood cabinetry. Four bedrooms promise flexibility and privacy for each member of your household. Use one as an office, a nursery, a media room, or the guest bedroom you always wished you had. Sunlight plays across engineered hardwood and tile flooring, illuminating each room in different, yet always beautiful, ways as afternoon turns to evening. Close out each day watching tickled pink sunsets as you appreciate your spot here in one of California's most beloved coastal communities.
