4 Bedroom, 3.00 Bathroom, 2,441 sqft  
Residential on 2 Acres

Valley Center, Valley Center,

Oh, those panoramic views!! This single level diamond in the rough is waiting for someone to update it & make it shine. The living room centerpiece is the huge, white, wood burning, brick fireplace, accented with high beamed ceilings with huge windows to capture those incredible valley and mountain views. The 2.2 acres offer potential for an ADU and parking for huge vehicles & several cars. Inside, this well loved home, that will be a stand out with your updates, is ready for move in.

There's one primary bedroom with attached bath, 3 secondary bedrooms, one full bath & one 1/2 bath. The living room, dining room and kitchen combine for a spacious great room with sliders that face the mountains. Can you imagine adding a patio off the sliders to savor this incredibly serene view? You can enjoy upgrading projects at your leisure as money and time allow. The oversized 2 car garage and the huge laundry room have 3 closets (one is more of a storage room) for possibly a pantry and all your extras. This one definitely won't last! Hope you come on by!
