N/A, Vista,

Lovingly cared for by the same family for decades, this 3-bedroom, 2-bath home sits on a generous 11,500 sq. ft. flag-shaped lot, tucked off the street behind a long driveway for added privacy. The fully fenced property includes an additional enclosed area ideal for pets or play, while the backyard offers mountain views and abundant space for expansion or the possible addition of an ADU. Inside, thoughtful updates have already been made—“roof, furnace, hot water heater, dual-pane windows and sliders, and flooring—“providing a solid foundation for the next owner to create a fresh, modern look. The kitchen and baths are ready for your personal touch. The dining area connects to the kitchen and offers direct access to the attached two-car garage, while two sliding doors—one from the dining area and one from a bedroom—“extend the living space outdoors. The primary suite features dual closets, and every room enjoys natural light and peaceful garden views. If you’ve been searching for a well-maintained home with privacy, usable land, and the freedom to design your future, this Vista property offers an exceptional opportunity to create your own next chapter.
