Huntington Village I (HVL1), Huntington Beach,

This lovely beach home resides in the center of the Huntington Village Tract, while offering an extended driveway, perfect for RV access. The original floor plan, known as the BBQ model, featured an additional fireplace at counter height in the kitchen! While it was the largest 3 bedroom model built in the tract, the previous owners added a fully permitted family room addition plus a separate office making this home a full 1742 square feet of living space. The addition has a closet, making it functional as a 4th bedroom if desired. The kitchen features a stainless steel cooktop + oven, new vinyl flooring and the refrigerator is included with the sale. There is a large dining area adjacent to the kitchen. The formal living room is very spacious and features a fireplace along with a slider leading to the rear patio. All of the bedrooms are nice sized and the primary is at the front of the house. Bonus features include: all new interior paint, new carpeting, an updated forced air heating system and an updated water heater. The private rear yard features a patio, an orange tree and is surrounded by block wall fencing. The home is walking distance to award winning schools, a park, golf, restaurants, shopping and is a short bike ride to the beach!
