Residential on 0 Acres

N/A, Santa Ana,

Mid-Century Modern custom home by Ralph C. Day, with a full renovation that blends timeless architectural detail with modern comfort. Main home is 2,011 square feet in addition to a casita that has 327 sqft. This rectilinear residence wraps around a private pool with sliding doors for a true indoor-outdoor lifestyle. Property is set on a spacious 8,832 sq ft lot with a resurfaced pool with 10 owner owned solar panels to keep the pool warm year round. The pool equipment has recently been upgraded and equipped with an ultra UV machine that helps reduce any chlorine smell. Enjoy a newly resurfaced patio with custom cover, built-in lighting, and ceiling fan. The backyard also has a private garden with a new irrigation system and modern rain sensor sprinkler controller for its avocado, tangerine, orange, and lemon trees.

The home retains iconic period features—extra-wide front door with center knob, walls of glass, open beam ceilings, and a striking stone fireplace—while enjoying the benefits of a full modern remodel. The kitchen has been completely redesigned with custom finishes, while all three bathrooms have been luxuriously updated. New energy-efficient Anderson windows and sliding glass doors bring in abundant natural light and an open feel to the private pool for a true indoor-outdoor lifestyle.

Large two-car garage with refinished epoxy

floors, abundant storage, and an extra storage space that can be converted into a kitchenette to the casita room. The remodeled casita has its own bathroom, water heater serves perfectly as a guest retreat, studio, or private office. The walkway leads out to a separate exit door making it a perfect future ADU conversion.

Additional updates include a tankless water heater, central A/C, new lighting throughout, ceiling fans, updated blinds, security system, and ample driveway parking with Tesla electric vehicle charging station. Additionally, the home has been re-plumbed with PVC Piping in 2021, and the owner has cleared the plumbing of the house to the city line drain removing any built up calcium over the years.

Located in the highly desirable Morrison Park neighborhoodâ€”surrounded by architecturally significant custom homes, close to award-winning schools, three parks, and tennis courts, main place mall, choc hospital â€”this is a rare opportunity to own a completely remodeled Mid-Century Modern masterpiece that balances history, comfort, and luxury.
