Residential on 0 Acres

N/A, Oroville,

Welcome to this well-maintained 3-bedroom, 2-bathroom home offering comfort, character, and convenience in a desirable neighborhood. While one bathroom is listed as a half bath on record, it has been thoughtfully upgraded to a full bath—adding both functionality and value.

Step inside to an open floor plan featuring a cozy wood-burning fireplace, ideal for relaxing evenings. The dining area seamlessly flows into an enclosed porch, providing the perfect flex space for a den, game room, or creative studio—the possibilities are endless!

A dedicated office area offers work-from-home potential, and the laundry is currently in the garage with the option to relocate it back inside for added ease. The garage also includes its own swamp cooler, making it a usable space year-round.

Important updates include a roof and HVAC system installed approximately 7–8 years ago, newer double-pane windows at the front of the home, and rain gutters added just 2 years ago. The property boasts landscaped front and back yards and comes equipped with both a metal shed and a wooden shed. It should be noted that the woodshed has its own swamp cooler—perfect for storage, hobbies, or even a creative workshop.
