Downstairs you will find a good-size living room with fireplace open to a dining area that adjoins a compact kitchen. When you are in the kitchen preparing a great meal, you will still be able to interact through the open breakfast bar. High ceilings make everything feel more open and airy. Behind the living space is a guest bath as well as two bedrooms including one with an ensuite. Off of the living room and one of the bedrooms in a sunroom that runs along the side of the house that adds an area where you can exercise or just sit with a book. Above the living room is a loft with so many possibilities...family room, game room, sitting room, exercise area, sewing space...a blank canvas to your ideas.
