N/A, San Pedro,

Welcome to 1163 Sandwood Place, a stunning single-family home in the sought-after San Pedro Highlands neighborhood. Offering approximately 2,007 square feet of beautifully maintained living space on a 5,555 square foot lot, this residence combines many indoor and exterior updates to create an inviting and functional environment for all age groups. The level entry introduces you to the main floor, which offers an open layout with a welcoming living room that flows into the dining area, creating the perfect space for gatherings. The kitchen is equipped with ample custom cabinetry, granite countertops, Miele dishwasher, and stainless steel appliances including a built in microwave over the gas range, making meal prep a breeze. The spacious downstairs family room with French doors leading to the outdoor pool area was converted from the 4th bedroom. Adding back the closet would provide a large bedroom for parents, or possibly grandparents, with a step-in bath tub in the bathroom nextdoor. Upstairs, you'll find the private bedrooms with ample closet space, all designed with comfort and functionality in mind. You can access the custom upstairs patio, that adds extra square footage of entertaining space. Proceeding halfway down the oak stairs, you will find a built out bonus room that would make a great office, sewing room, children's playroom, etc. The bonus room has built in open cabinets and shelves that line two walls, plus enclosed storage spaces. The flagstone paved back

yard boasts a stainless steel Lynx divided gas grill that supports grilling at different temperature settings, plus two burners and lots of storage space underneath. The granite countertop has ample space for multiple cooks. A covered patio provides shade and a view of the glistening salt-water swimming pool, heated by your own solar panels.

Practical features include an attached garage for convenient parking and storage, along with custom nook for the washer and dryer. A pull-down ladder provides access to full attic storage and the recently installed furnace/air conditioning unit. A great family home that can accommodate the needs for all age groups.
