Residential on 0 Acres

N/A, Rowland Heights,

VIEW, VIEW, VIEW! If a large home with a gorgeous view is what you're after, look no further. Enjoy the evening sunsets on the south west facing rear patio just off the kitchen or from the upstairs deck off the primary suite (& one guest suite). Both the patio & the deck run the length of the house so you can enjoy the view with all your friends and family. The circular floorplan lends itself to entertaining (be sure to check out the floorplans at the end of the photos). There is room for everyone with two bedrooms downstairs and three up. Each bedroom has its own bathroom (the 3 upstairs are en suite, downstairs the baths are just outside each bedroom). The bedrooms are generously sized with a primary suite so large it also includes a private sitting area (this was a builder option for a sixth bedroom originally, so converting it to a sixth bedroom would be easy to do and you would still have a large primary suite). Gorgeous, custom teak wood floors throughout give the home a rich glow. The 3 car garage gives you plenty of room to store your toys and vehicles and there is ample additional parking on the driveway. Low maintenance landscaping with faux turf, garden beds and hardscape leave you with more time to enjoy the people in your home - and, of course, that view.
