From the moment you step inside, it's clear this home has been thoughtfully upgraded from top to bottom. The open-concept downstairs offers seamless flow, custom built-in cabinetry, new luxury flooring throughout, and dual built-in speakers inside and out to set the mood for any occasion. The kitchen is a dream for home chefs and entertainers alike, featuring quartzite countertops, a marble backsplash, two oversized Shaw sinks, a wine fridge, built-in fridge, walk-in pantry, double ovens, a warming drawer, and a reverse osmosis + hot water tap system—all nestled into elegant, soft-close cabinetry with deep drawers and two pull-out garbage bins. Upstairs you'll find two spacious primary suites with ensuite baths and a laundry chute that adds a touch of old-school charm and modern practicality. The upstairs hall bath features marble floors and tilework, with marble details also found on the downstairs bath counter, fireplace hearth, and upstairs hallway counter. A finished attic with built-in shelving—accessible from both the garage and primary suite—offers ideal

The vinyl-fenced yard is lined with sunset-hued roses and beautifully landscaped with a drip and sprinkler system throughout. A custom pergola patio, outdoor fire pit, and built-in BBQ island set the stage for year-round entertaining, while child-safe pool fencing provides peace of mind. The attached garage features epoxy floors, built-in cabinets, a workbench, and a bonus office space—ideal for remote work or creative projects. With paid-off solar, a tankless water heater, new HVAC system, re-plumbed water and sewer lines, dual-pane windows and sliding doors (with new screens), this home is as efficient and low-maintenance as it is beautiful. In short, this home checks all the boxes—thoughtful updates, flexible living space, stunning outdoor entertaining, and a location that keeps you connected to everything.
