Residential on 0 Acres

N/A, North Tustin,

Welcome to one of the finest neighborhoods in Tustin with wonderful homes on large lots and this home that is custom built on a corner lot. Truly this is a home built with love and enjoyed for decades by this family. Spacious is the key word for this property and house. Features that are sought after are found here. Do you want first floor living? Of course, and this home has that feature. You would like to have an office space? Yes, and it is wood paneled with a couple of secret doors. How about a very spacious primary bedroom? You have that here, with big windows that look out to the backyard and French doors that exit to the patio. Do you like to host large events? Ok, then look at the living room with a beautiful fireplace covered by marble and can accommodate people as does the dining room. This home has style, ambiance, and elegance. The home has Spanish touches with tile floors that cover the entry and the halls and the kitchen floors. Come on in through the beautiful double door entry and notice the view of the backyard through a wall of windows that greet you. The main floor has the massive primary bedroom suite and elegant primary bath that includes a walk-in closet and double sinks with a marble countertop and vanity area. Separate tub and shower and a private toilet room. An atrium gives light to the bath area. With a family room with another fireplace and windows that enjoy the view of the pool and backyard as well. The heart of any home is the kitchen, and this one gives you a

five-burner stove and a combo microwave and oven that are newer. Lots of counter space and a breakfast nook with windows giving added light and views. Inside laundry, again with storage space and counter space. A bathroom with a shower is also in the laundry area and has access to the backyard. Finishing the main floor is the office space (could be an additional bedroom). On the second floor are four additional large bedrooms and two additional bathrooms . The backyard is where the party begins with a big, magnificent pool and spa with plenty of decking around to lounging with friends. A BBQ island to prepare that meal and to treat those guests with fine food. It is a comfortable and private space with covered areas and great landscaping. The 3-car garage is located on the side of the house with direct access. The curb appeal is special with the garage on the side. Make this your next home and you will have made a good decision!

Built in 1971
