N/A, Paradise,

As you arrive at this newly built home with owned solar, the first thing you'll notice is its serene setting—perched above Dry Creek Canyon with peaceful views of mature trees that frame the landscape. The approach to the home is impressive, with a wide concrete driveway offering generous parking, including dedicated RV access, and a beautifully designed front yard. Carefully crafted retaining walls define each landscape element—lush lawn, decorative rock beds, shrubs, and architectural plantings—creating a clean, modern curb appeal that complements the home's striking façade. A large glass entry door welcomes you inside, where the open-concept design immediately expands before you. The kitchen, dining, and living areas blend seamlessly, filled with natural light from the expansive windows overlooking the backyard. The chef's kitchen is both stylish and highly functional, centered around a substantial island perfect for gathering. Warm wood cabinetry pairs beautifully with modern neutral wall tones, while premium appliances include a double oven—one doubling as a microwave—a sleek cooktop with a pot filler, and a farmhouse sink positioned perfectly beneath a window with views of the pool and landscaped yard. Just off the main living area, the primary suite provides a peaceful retreat. The large bedroom offers privacy and comfort, while the luxurious en-suite bath features a standalone soaking tub, a glass-enclosed shower, and

dual sinksâ€”all finished in a fresh, modern aesthetic. Stepping into the backyard, youâ€™ll find a fully landscaped oasis designed for relaxation and entertaining. Thoughtful plantings, clean hardscape, and an inviting pool create a private outdoor environment ideal for enjoying warm evenings or hosting gatherings. This is a rare opportunity to own a brand-new custom home thoughtfully placed among nature, featuring modern amenities, timeless design, and an exceptional indoor-outdoor living experience.
